FOR IMMEDIATE RELEASE

Accu-Time Systems Announces the Addition of 2-finger Geometry Biometrics to the Cyber Series Line of Terminals

Accu-Time Systems, a leading manufacturer of time and attendance and security access products, announced today the introduction of the newest addition to ATS' suite of 2-finger geometry biometric terminals: The **Cyber Series 2102** terminal.

The Cyber Series 2102 (CS2102) joins the Century 2102 (2102) and the Century 3102 (3102) terminals in the ATS 2-finger geometry suite of products. The Cyber Series 2102 brings all of the enhanced functionality of the Cyber Series to the 2-finger geometry biometric terminals:

- Communications:
 - TCP/IP 10/100mb (as opposed to just 10mb)
 - Faster modem option
 - TCP to Serial change through keyboard commands
- Hardware:
 - Flash size (program space) of 256K (vs. 192K)
 - RAM choices up to 1Meg (vs. 768K)
 - Lithium battery back-up option
 - Quick-change of readers

Accu-Time Systems, based in Ellington, CT, provides a full range of security access and time and attendance terminals using the latest badge and biometric identification technology.
